Recommendation
for the restoration £200
& Rewards to Dublin
Castle.

By the Lord Lieutenant AND COUNCIL.

J. ROBERTS.

WHereas ſeveral Rolls Inquiſitions and other matters of Record which concern his Majeſties Lordſhips, Mannors, Lands, Tenements and Hereditaments within this Kingdom and the Royalties and Revenues belonging to his Crown, and ſeveral other Records relating to the Subjects of this Kingdom have been imbezelled, and taken out of the Tower called Berminghams Tower in his Majeſties Caſtle of Dublin, to the great prejudice of his Majeſtie and his good Subjects, whoſe quiet and Settlement are much concerned therein,

We have therefore thought fit by this Proclamation in his Majeſties name ſtrialy to charge and command all manner of perſons who have any of the ſaid Rolls, Inquiſitions or Records in their cuſtodie, or can come by any of them that they do bring the ſame in, and deliver them into the hands of Sir William Domvile Knight his Majeſties Atturney General within the ſpace of three months from and after the date of this Proclamation; And in caſe any perſon or perſons do know where, or in whoſe hands, cuſtodie or poſſeſſion, any of the ſaid Rolls, Inquiſitions or Records are, that they give notice thereof to his Majeſties ſaid Atturney Generall, within one month after the date hereof; And of this our Proclamation we require all perſons concerned to take notice and duely obſerve the ſame, as they will anſwer the contrary at their utmoſt perils.

Given at the Councell Chamber in Dublin *the firſt day of* October 1669.
